Sub:- Buildings - District Livestock Farm, Koila, South Kanara District - Construction of a bull-shed with Store-room.

Ref:- (1) Government Memorandum No.93005-CII/55-9, dated 6th July 1956.
(2) Government Memorandum No.77417-CII/56-1, dated 14th September 1956.

The Executive Engineer, South Kanara Division in his letter No.1014-M, dated 8th May 1956 forwarded revised plan and estimates amounting Rs.3,700/- for the above work and stated that administrative approval of Government is not necessary as the estimate is only for Rs.3,700/-. In this office letter of even number dated 27th May 1956, the Executive Engineer was requested to furnish the original estimate for this work for Rs.4,500/- and also reasons for preparation of a Revised estimate for Rs.3,700/-. He was also referred to Chief Engineer's letter No.21431-B.2/55-18, dated 28th September 1955 to this Office (copied to him) stating that specific sanction of Government is necessary for the execution of the above work with reference to para 126 (b)(4) of the Madras Public Works Account Code and requested to state specifically whether or not Government sanction is necessary. I have not received any reply from the Executive Engineer to my letter dated 27th May 1956 in spite of my further letters dated 6th July 1956, 22nd August 1956 and 3rd September 1956.

2. The Superintendent, District Livestock Farm, Koila in his letter ROC.No.473/53, dated 16th August 1956 informed this Office that he consulted the Executive Engineer in this matter at Mangalore on 30th July 1956. The Executive Engineer is reported to have informed the Superintendent:-

(1) that the work of construction of the bull shed with Store room in the District Livestock Farm, Koila will be executed by the Public Works Department under "50-Civil Works" without levying the cartage charges of 16.5%, and hence a revised estimate for Rs.3,700/- was sent.

(2) that administrative approval of Government is not necessary in this case since I have such powers upto Rs.5,000/-

and (3) that specific sanction of Government is necessary for the exeuction of this work as it has not been included in the Annexure to the detailed Civil Works Budget for the year 1956-57.

3. The Executive Engineer has not sent any reply confirming these points discussed on 30th July 1956 with the Superintendent District Livestock Farm, South Kanara with reference to my letter dated 3rd September 1956. As the work is to be expedited, I forward herewith plans and estimates amounting Rs.3,700/- for the above work for reference and return, and request the specific sanction of the Government for its execution during the year 1956-57. The Chief Engineer will be requested by me to authorize the Executive Engineer to take up the work during 1956-57 on receipt of orders of Government.

Yours faithfully,

for Director of Animal Husbandry, Madras
